*Pre-scheduling suggested for these languages by filling out this form at: www.boostlingo.com/pre-scheduled-assignment-request-form

The Boostlingo Professional Interpreter Network (BPIN). The BPIN services constitute a technology platform ("Boostlingo Platform") that enables clients to use Boostlingo's mobile applications, landline phones or Boostlingo's website portal provided as part of the Services (each, an "Application") to get on-demand interpretation services with third-party providers of such services, including independent third-party interpretation service providers under agreement with Boostlingo or certain of Boostlingo's affiliates ("Backstop Partners"). Channel Partner acknowledges that Boostlingo does not provide interpretation services as an interpretation service provider. Third-party Backstop Partners reserve the right to decline interpretation services to a Boostlingo customer contacted through the Boostlingo Platform. The Channel Partner acknowledges that Boostlingo does not contract with, employ, hire, vet, qualify, manage or provide interpreters and is not responsible or liable for the conduct of interpreters that are answering calls or providing interpretation services via the Boostlingo Platform. Boostlingo works with Backstop Partners in the BPIN to ensure that they meet Boostlingo's minimum quality standards. BPIN Languages are generally supported on-demand services, but Boostlingo makes no guarantee, representation or warranty that any on-demand OPI or VRI call placed to the BPIN for a supported language will be answered. Boostlingo reserves the right to change and update the list of supported languages for both OPI and VRI services at any time. In addition, Boostlingo customers are able to route calls to their own interpreter pool (known as "Internal Calls") and are not required to use the BPIN.
